Complaint Regarding possible Cockroach Infestation  
It follows is noted:

- 1) Upon entrance, as Inspector walked through kitchen, observed muscles being prepared inside containers which were deep inside a full trash can.

(I.E. preparing muscles inside a trash can with trash inside) - Utterly unacceptable.

→ Come and assist using trash can as a prep surface.

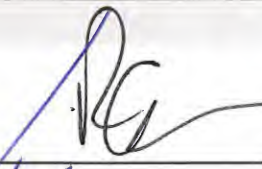

The public reserves the right of proper sanitation and food safety - Voluntary discarded.

- (2) Upon Review of vector information both Randy George and myself (Richard Conant) observed multiple live and dead cockroaches in preparation areas, server stations, back storage room. Basically throughout facility. - Facility hereby closed for operation until pest control is conducted, Item by Item repairs and cleaning laid out from pest control dated 7/8/19 and the current pest control which is currently pending based on closure.

**Did you know** that effective January 1, 2018, the California Health and Safety Code was amended to make it easier for food facilities to donate food? Please consider donating your excess food product to a local food bank, pantry, or soup kitchen. As a good faith food donor, you are protected from civil and criminal liability if the food product later causes harm to its recipient, unless the injury is a direct result of gross negligence or intentional misconduct in the preparation or handling of the donated food.
